Valentine Trail

Explore the heart zones on the map to find heart displays in the windows of houses/businesses. Within the displays, you may find a hidden letter. The small hearts on the map will show you how many letters you can find in each zone.

Below, you will find 2 rows of hearts. Record the letters, as you find them, on the top row.

Then have a go at unscrambling the letters to form part of a well known phrase.

Can you work out what the missing word is?
